

Series of Contract Administration

Strengthening Industry Competency in Construction Law and Dispute Management

🕒 2:00 PM – 6:00 PM

📍 Training Hall,
Master Builders Association Malaysia,
Putra Heights, Selangor

This half-day programme designed to address key issues commonly encountered in construction law and dispute resolution. This series covers a comprehensive range of topics including procedural strategies for managing disputes, delays and EOT claims, employer and contractor rights in payment matters, variation management, expert engagement, defect claims, and the impact of insolvency on adjudication and arbitration proceedings. Each session is structured to provide both conceptual understanding and practical guidance to support industry professionals in navigating complex contractual and legal challenges.
