Dear Sir/Madam,

Invitation to MBAM Sustainable Built Environment Conference 2026

We are pleased to inform that the Master Builders Association Malaysia (MBAM), will be organising the **MBAM Sustainable Built Environment Conference 2026** in conjunction with the **MBAM OneBuild Exhibition 2026**, aimed at promoting sustainable practices and Environmental, Social, and Governance (ESG) awareness within the construction industry.

This conference will bring together industry leaders, policymakers, and ESG experts to discuss key developments, challenges, and opportunities related to ESG implementation in the construction sector. Participants will gain valuable insights into regulatory requirements, practical frameworks, and sustainability best practices.

Details are as follows:

- Date** : 5th August 2026 (Wednesday)
- Time** : 9:00am – 5:00pm (Registration starts at 8:30am)
- Fee** : **MBAM Member: RM500/ pax**
Non MBAM Member: RM650/pax
HRD Claimable Programme
**Get a 10% discount for groups of three or more participants*
- Venue** : **Conference Hall 1, Kuala Lumpur Convention Centre**

The objective of this conference is to equip participants with practical knowledge & actionable strategies to implement ESG practices effectively, enhance sustainable project delivery (including green building standards), minimise construction risks and costs, and strengthen their competitiveness as ESG-ready contractors. The conference also serves as a platform for knowledge-sharing and industry engagement, providing opportunities for participants to interact with the speaker during a panellist session.

The target audience includes developers and contractors, consultants and designers, building material manufacturers, financial institutions and investors, government agencies, as well as sustainability and ESG professionals.

Sponsorship Opportunities

We welcome organisations interested in supporting this conference through sponsorship. This provides an excellent platform to enhance brand visibility while contributing to sustainability efforts within the industry.
