CALLING FOR PARTICIPATION & SPONSORSHIP

Introduction

MBAM is delighted to invite members to a Sustainable Built Environment Conference, in conjunction with OneBuild Exhibition 2026, this one-day conference brings together industry leaders, policymakers, financial institutions, and sustainability experts to explore practical pathways towards a low-carbon and circular built environment.

The conference serves as a high-impact platform to align policy direction, industry commitment, and implementation strategies, encouraging collaboration and collective progress across the construction and built environment ecosystem.

Objective

- **Scope 3 - Carbon Measurement, Reporting & Disclosure** - Preparing the construction and built environment supply chain for lifecycle carbon accounting, ESG reporting requirements, EPD adoption, and Scope 3 transparency.
- To explore **innovative waste management (circularity) solutions** across the construction value chain
- To highlight the role of **green finance** in accelerating sustainable development
- To foster collaboration among government, industry players, financiers, and global sustainability networks

Target Audience

- Developers & Contractors
- Consultants & Designers
- Building Material Manufacturers
- Financial Institutions & Investors
- Government Agencies
- Sustainability & ESG Professionals

Why need to attend?

- Gain insights into **real-world sustainability challenges & solutions**
- Learn from **global and local thought leaders**
- Connect with decision-makers from the built environment ecosystem
- Position your organisation at the forefront of sustainable transformation
