Dear Sir/Madam,

SEMINAR ON NEW TECHNOLOGY – TRANSFORMING THE MALAYSIAN CONSTRUCTION INDUSTRY

MBAM Technical & IBS Committee is organising a Seminar on New Technology – Transforming the Malaysian Construction Industry. The objective is to share with construction industry players especially our members on the new method and technology used at construction project in Malaysia. This is to encourage industry players to enhance their knowledge and increase productivity as well as efficiency during construction.

Use of system technologies in a building construction have myriad contributions toward engineering advancement in enhancing the productivity efficiency, higher quality standards, faster completion times, lower costs, conducive and safe work environment. By developing new methods and materials, construction companies can stay ahead of the curve and deliver projects that meet the ever-changing needs of their clients. In this seminar we will share on the systems technologies used in TRX Residences which are:

- Lubeca Self Climbing Jump Form formwork system
- 6.5 floor protection System X-Climb 60
- Top-Down hanging scaffold

The seminar also aims to create a platform to share knowledge and experience, where speaker can interact with the construction industry players.
