REF : MBAM/25/01/2026/10/01/108

Dear Members,

MBAM Machinery Forum: Machinery Compliance, Safeguard & Future Transitions

It is hereby informed that the MBAM Machinery Committee will convene a Machinery Forum on the theme: **Machinery Compliance, Safeguard & Future Transitions.**

Amid tightening enforcement and rapid digital transformation, practitioners in the construction machinery industry face mounting pressure to safeguard assets, uphold compliance, and embrace innovation.

Forum attendees will gain practical insights into how GPS tracking and preventive measures protect machinery investments, while obtaining clarity on DOSH's stricter enforcement and penalties under the Inspection Protocols. The programme will also highlight the industry's shift toward electric vehicles (EV), automation in digital construction, and present perspectives on new versus used machinery, addressing cost implications and long-term operational viability.

The **Live Showcase** further enables participants to get a closer look at machinery, products and technology solutions during the Exhibitor Showcase.

Concluding with a Drinking & Networking Session, participants will be provided an opportunity to connect, exchange insights, and further strengthen the discussions initiated during the forum.
